Index to Volume 40

A

Abdomen, lower, Surgical considerations in acute conditions in the, 718
Abdominal injuries, 109
Abdominal tumors in children, Preoperative roentgen diagnosis of, 686
Acidosis, Respiratory, 834
Acute emphysematous cholecystitis, 107
Acute subdural empyema of otic origin, 31
Adams, Paul: Selection of patients for cardiac surgery, 324
Adenocarcinoma of the endometrium, Relationship of endometrial hyperplasia to the etiology of, 156
Adrenalectomy, bilateral, Effect of, on diabetes mellitus, 318
Alden, John F., Calin, S. Hartley, and Sprafka, Joseph L.: Acute emphysematous cholecystitis, 107
Alimentary tract, Duplication of the. Report of case of double uterus, vagina, large bowel and anus, 257
Allen, Peter, and Lillehei, C. Walton: Use of induced cardiac arrest in open heart surgery, 672
Allergy. A round-table discussion, 481
Allergy, Some neglected practical points in, 407
Anderson, Arnold S., Williams, Joan, and Odenbrett, Peter: Staphylococcus infection in a nursery for newborn infants, 231
Anderson, Milton W.: Treatment of congestive heart failure, 563
Anoxia, newborn, and neonatal death, Obstetric conditions predisposing to, 418
Ansell, J. S., and Reiser, M. P.: Prostatectomy in a patient with tetralogy of Fallot, 684
Antibiotic and sulfonamide therapy—after twenty years, 215
Appendicitis, Ligneous, simulating malignancy of the cecum, 837
Arey, Stuart Lane: Some neglected practical points in allergy, 407
Arndt, Helen, Swanson, Jane, and Matson, G. Albin: Sensitization to blood antigens in Rh-positive patients, 302
Arthropathy, Neuropathic, 117
Asthma and emphysema, Smoking is detrimental in, 116
Atherosclerosis, Iatrogenic, 699

American Medical Association

Report on actions of the House of Delegates, 57, 591

B

Baer, Walter: Hypnosis in obstetrics, 235
Baggenstoss, O. J.: A survey of resected and nonresected pulmonary nodules, 305
Barnard, C. N.: Duplication of the alimentary tract. Report of case of double uterus, vagina, large bowel and anus, 257
Basic laboratory procedures, 801
Beahrs, Oliver H.: The management of nodular goiter, 385
Beahrs, Oliver H., Hunt, Oliver R., Jr., Storsteen, Oliver M., and Bernatz, Philip E.: The value of biopsy of lower deep jugular (scalene) nodes as a diagnostic procedure, 152
Beck, Claude S., and Brofman, Bernard L.: The Beck operation for coronary artery disease, 462
Beck operation for coronary artery disease, The, 462
Benign tumors of peripheral nerves and their masquerade, 294
Bennett, Warren A., Wellner, Theodore O., and DeLand, Frank H.: Review of coroner's cases in Olmsted County, Minnesota (1924-1953), 86
Berendes, Heinz, Bridges, Robert A., and Good, Robert A.: A fatal granulomatosus of childhood. The clinical study of a new syndrome, 309
Bernatz, Philip E., Beahrs, Oliver H., Hunt, Oliver R., Jr., and Storsteen, Oliver M.: The value of biopsy of lower deep jugular (scalene) nodes as a diagnostic procedure, 152
Bianco, Anthony J., Jr., and Johnson, Einer W., Jr.: Historical milestones in the treatment of congenital dysplasia of the hip, 7
Bieter, R. N.: Pharmacology for the family physician, 487
Bieter, Raymond N.: Pharmacology of the tranquilizing drugs, 222
Bilka, Paul J.: Gout: A metabolic disorder, 432
Bleeding from the genitourinary tract, with emphasis on traumatic injuries, 15
Bleeding, Massive recurring, in regional enteritis, 847
Blodgett, Harriet E.: Counseling parents of mentally retarded children, 721
Blood antigens in Rh-positive patients, Sensitization to, 302
Blood vessel bank, The establishment of a, 696
Blumenthal, Jacob, Henderson, Lowell, and Ceder, Elmer T.: Allergy. A round-table discussion, 481
Bonadoxin for nausea and vomiting of pregnancy, 99
Bone disease, metastatic, Pathologic fractures due to, 799
Boyer, George S.: Infantile cortical hyperostosis, 827
Braasch, John W.: Primary malignancies of the lung, 707
Brain tumors. Practical approach and classification, 471
Bridges, Robert A., Good, Robert A., and Berendes, Heinz: A fatal granulomatosus of childhood. The clinical study of a new syndrome, 309
Brofman, Bernard L.: Medical aspects of the surgical treatment of coronary heart disease, 467
Brofman, Bernard L., and Beck, Claude S.: The Beck operation for coronary artery disease, 462
Brown, Philip W.: Massive recurring bleeding in regional enteritis, 847
Burian, Gloria, Jensen, R. A., Wolking, W. D., and Quast, W.: A follow-up of children discharged from a psychiatric ward, 1
Burke, Edmund C., and Feinerman, Burton: Clinical variations in cystic fibrosis of the pancreas, 533
Burmeister, R. O.: Resuscitation of the newborn, 477
Burns, Catherine: Loeffler's syndrome (eosinophilic pneumonia), 572

Book Reviews

Bell, E. T.: A Textbook of Pathology, (July) A-36
Bierring, Walter L.: Rypins' medical licensure examinations; topical summaries and questions, (Aug.) A-42
Burch, George E., and Winsor, Travis: A primer of electrocardiography, third edition, (Feb.) A-47
Cameron, Charles S.: The truth about cancer, (Jan.) A-42
de Lorimier, Alfred A., Moehring, Henry G., and Hannan, John R.: Clinical roentgenology, Volume IV. The digestive tract, gall bladder, liver and pancreas, the excretory tract and special studies emphasizing differential considerations, (March) A-51
Elkin, D. E., and DeBakey, M. E. (Editors): Vascular surgery in World War II, (Oct.) A-62
Hartwell, Shattuck W.: The mechanisms of healing in human wounds, (Feb.) A-47
Hewitt, Richard M.: The Physician-Writer's Book, (May) A-39
Lee, Roger I.: The happy life of a doctor, (June) A-57
Martin, Gustav J.: Ion Exchange and Adsorption Agents in Medicine, (June) A-57

Myers, J. Arthur: Tuberculosis: every physician's problem, (Dec.) A-59
Reich, Walter J., and Nechtow, Mitchell J.: Practical gynecology, (Nov.) A-69
Soubiran, André (translated by Oliver Coburn): The doctors: a great behind-the-scenes novel of the Parisian medical world, (Jan.) A-42

C

Calin, S. Hartley, Sprafka, Joseph L., and Alden, John F.: Acute emphysematous cholecystitis, 107
Campbell, Gilbert S., Gliedman, Marvin L., Horowitz, Samuel, and Varco, Richard L.: Pectus excavatum, 619
Cancer, gastric, Factors involved in screening patients for, 403
Cancer problem, The Masonic memorial hospital and the, 568
"Carcinoid syndrome," Cutaneous manifestations of the, 771
Carcinoma of the rectum and sigmoid colon, 313
Cardiac arrest, induced, Use of, in open heart surgery, 672
Cardiac bypass, Chylothorax complicating, and studies in thoracic ductography, 625
Cardiac surgery, Selection of patients for, 324
Cecum, Malignancy of the, Ligneous appendicitis simulating, 837
Ceder, Elmer T., Blumenthal, Jacob, and Henderson, Lowell: Allergy. A round-table discussion, 481
Changing concepts in the treatment of tuberculosis, 176
Childhood, Endocrinopathies in, 773
Cholecystitis, Acute emphysematous, 107
Cholesterol, 749
Cholesterol pseudo-polyps, I. Tumors of the gall bladder, 158
Chorionepithelioma. Report of a case with spontaneous intra-abdominal hemorrhage, 400
Chylothorax complicating cardiac bypass and studies in thoracic ductography, 625
Cirrhosis, Experimental fatty, 603
Clinical experience with Metaraminol in the treatment of shock, 241
Clinical variations in cystic fibrosis of the pancreas, 533
Colitis, ulcerative, Present-day concepts of the treatment of, 552
Conjunctivitis, 426
Connolly, Coleman J.: Spontaneous pneumothorax, 861
Constitutional hepatic dysfunction, 840
Coronary artery disease, The Beck operation for, 462
Coronary heart disease, Medical aspects of the surgical treatment of, 467
Coronary heart disease, Surgical aspects of, 289
Coronary insufficiency disease, The patient's use of gestures in the diagnosis of, 691
Coronary insufficiency, Some electrocardiographic tests of, 500
Coroner's cases in Olmsted County, Minnesota (1924-1953), Review of, 86
Cortical hyperostosis, Infantile, 827
Counseling parents of gifted children, 650
Counseling parents of mentally retarded children, 721
Counseling with the hearing-handicapped child and his parents, 797
Craig, Winchell McK., and Dodge, Henry W., Jr.: Benign tumors of peripheral nerves and their masquerade, 294
Craig, Winchell McK., Dodge, Henry W., Jr., and Svien, Hendrick J.: Brain tumors. Practical approach and classification, 471
Creevy, C. D.: Renal trauma, 853
Current concepts of osteoporosis, 165
Cutaneous manifestations of the "carcinoid syndrome," 771
Cystic fibrosis of the pancreas, Clinical variations in, 533

Clinical Notes

Basic laboratory procedures, 801
Spontaneous pneumothorax, 861
Successful expulsion of tapeworms, 859

Clinical-Pathological Conference

Case presentation (idiopathic, diffuse, interstitial myocardial fibrosis with chronic passive congestion of liver and infarcts of right kidney), 121
Case presentation—Minneapolis VA Hospital (Pheochromocytoma with hypertension, myocardial enlargement and congestive heart failure, and minimal portal cirrhosis), 867

Committee Action

Case-finding program for the control of tuberculosis in Minnesota, 732
Child health committee, 878
Editor's annual report, 663
Hospitals and medical education report for the year 1956-1957, 817

Continuation Studies

Abdominal injuries, 109
Conjunctivitis, 426
Counseling parents of gifted children, 650
Counseling parents of mentally retarded children, 721
Counseling with the hearing-handicapped child and his parents, 797
Electrocardiographic tests of coronary insufficiency, Some, 500
Fractures and dislocations of the hand and fingers, 849
Injuries of the external genitalia, 503
Management of head trauma in children, 261
Neurosurgical aspects of brain abscess, 40
New technique for the diagnosis of intestinal obstruction, A, 179
Pathologic fractures due to metastatic bone disease, 799
Photosensitivity, 643
Renal trauma, 853
Selection of patients for cardiac surgery, 324
Symptoms and signs of heart disease, 723
Tracheotomy in the acutely injured patient, 856
Treatment of the nephrotic syndrome with malaria, 576
Treatment of tuberculosis today, 647

Current Concepts

Changing concepts in the treatment of tuberculosis, 176
Smoking is detrimental in asthma and emphysema, 116

D

Deaths, neonatal, in Hennepin County, Three-year study of, 710
Decker, Barry, and Miller, R. Drew: Pulmonary fibrosis, 491
DeLand, Frank H., Bennett, Warren A., and Wellner, Theodore O.: Review of coroner's cases in Olmsted County, Minnesota (1924-1953), 86
Dennis, James L.: Electrolyte and fluid balance in infant diarrhea, 457
Determining the activity of pulmonary tuberculosis. Reliability of history, physical examination, and routine office laboratory procedures, 538
Diabetes mellitus, Effect of bilateral adrenalectomy on, 318
Diagnosis and management of pleural effusion, with reference to pleural biopsy, 104
Diagnosis and office treatment of sinusitis, 21
Diagnostic importance of uterine artery size, The, 83
Diarrhea, infant, Electrolyte and fluid balance in, 457
Differential points in the problem of headache, 634

Dodge, Henry W., Jr., and Craig, Winchell McK.: Benign tumors of peripheral nerves and their masquerade, 294
Dodge, Henry W., Jr., ReMine, William H., and Leavens, Milam E.: Treatment of communicating hydrocephalus by spinal subarachnoid-omental bursa shunt, 227
Dodge, Henry W., Jr., Svien, Hendrik J., and Craig, Winchell McK.: Brain tumors. Practical approach and classification, 471
DPT inoculations and pertussis, Encephalopathies following, 542
Ductography, thoracic, Chylothorax complicating cardiac bypass and studies in, 625
Duplication of the alimentary tract. Report of case of double uterus, vagina, large bowel and anus, 257

E

Effect of bilateral adrenalectomy on diabetes mellitus, 318
Elective induction of labor, 622
Electrocardiographic interpretation, Pitfalls in, 677
Electrocardiographic tests of coronary insufficiency, Some, 500
Electrolyte and fluid balance in infant diarrhea, 457
Emphysema and asthma, Smoking is detrimental in, 116
Emphysema, Mediastinal, 410
Empyema, Acute subdural, of otic origin, 31
Encephalopathies following DPT inoculations and pertussis, 542
Endocrinopathies in childhood, 773
Endometrial hyperplasia, Relationship of, to the etiology of adenocarcinoma of the endometrium, 156
Engbring, Norman H., and Engstrom, William W.: Studies on congenital goiter and hypothyroidism in an adult male patient, 615
Engstrom, William W., and Engbring, Norman N.: Studies on congenital goiter and hypothyroidism in an adult male patient, 615
Enteritis, regional, Massive recurring bleeding in, 847
Enzyme activity, Suppression and absence of, as a cause of disease, 819
Erlanson, A. C., and Rosenfield, A. B.: Rheumatic fever survey follow-up study, 102
Esophagitis with hiatus hernia, Surgical approach to, 559
Establishment of a blood vessel bank, The, 696
Eunuchoidal syndromes, The. Male hypogonadism, 95
Evaluation and management of minor contusions of the eye, 761
Experimental fatty cirrhosis, 603
Eye, Evaluation and management of minor contusions of the, 761

Medical Economics

Activity in Washington slows; new fiscal year begins, 588
Administration endorses barbiturates control bill, 444
AFL-CIO to fight medical society actions, 660
Aircade team to take legislative issues to cities, 135
AMA announces administrative changes; organization of new committee, 662
AMA House of Delegates acts upon wide variety of subjects, 514
AMA legislative machinery summarized, 54
AMA protests President's budget, 516
Bills introduced on tax deferment for self-employed, 190
Blue Cross issues annual report, 516
British M.D.'s continue to consider walk-out, 340
British physicians quoted, 192
Capitol action slow on health bills, 190
Chiropodists bidding for greater recognition, 662
Civil service working on new federal health plan, 54
Consciousness of cost eliminates patient-surgeon misunderstanding, 880
Contributions to medical schools increase, A-36
Costa Rican doctors attempt to finance retirement fund, 275
Disabled "over fifty" start drawing monthly benefits, 517
Earnings of physicians surveyed, 276
85th Congress gets under way with record number of bills introduced, 134
Facts on medical education (AMEF state chairmen to meet, more women studying medicine, states producing most medical students), 56
FDA circularizes on Hoxsey cure, 192
February selective service call largest in two years, 55
Federal appropriations for U. S. public health service, 442
Federal health legislation outlined, 274
Fees increased and authorization time extended in home-town care program, 734
Figures on life expectancy, 590
First checks for the disabled go to 100,000, 660
FTC to question eighteen firms on antibiotics profits, 662
Full medical benefits urged by American Legion, 881
Government to spend $14 billion for welfare in next budget year, 275
Group Health Federation meets in Two Harbors, 661
Health groups asked to aid Hungarian medical personnel, 135
Health statistics revealed, 193
Highlights of HEW budget reviewed, 338
Hospital and surgical care through insurance company policies, 814
Hospital medical care payments total over $2 billion, 274
How to write Minnesota congressmen, 191
Joint declaration on physician-hospital relations, 445
Legal medical matters (close cooperation between AMA and ABA, AMA-ABA action on Jenkins-Keogh bill, the physician as a medical witness), 55
Legislative review (1957), 735
Little health legislation activity on Capitol Hill, 515
Major protection policies are popular, 735
Medical associations get new tax ruling, 881
Medical quackery in mails reaches new high, 517
Medical societies to base fees on price index, 815
Medical student statistics compiled, 276
"Medicare" is big business in Minnesota, 734
Medicare plan launched in December, 54
Medicare program running smoothly, 191
Minnesota included in award for research building, 339
Minnesota physicians contribute $28,000 to AMEF, 276
More talk of social security for physicians, 339
National health survey begun, 444
National health survey committee appointed, 881
National medical library selects architects, 662
New bills filed in Congress; more hearings scheduled, 338
New doctor-draft plan due for House hearing, 339
New health legislation in Congress, 443
One underwriter insurance coverage advised for physicians, 881
Osteopath, naturopath bills passed in Utah, 517
Personnel changes in new department (Health,, Education and Welfare), 135
Physicians reminded of professional tax deductions, 136
Physicians threaten strike in Britain, 275
Physicians voice objections to Medicare "red tape," 816
Possible battle looms over control of corporation, 590
Prelude to public relations, 883
Prepaid medical plan subscribers want additional benefits, 880
President's budget request for NEW tops $3 billion, 192
Record number of health-medical bills enacted by 85th Congress, 814
Reuther, Walter P., gives labor's prepayment goals, 882
Rise in hospital admissions indicated, 55
Rules on osteopath commissioning outlined, 191
Russian technology is rapidly approaching U. S. standards, 275
Series of important resolutions passed at annual MSMA meeting, 514
"Sick pay" makes lost time almost profitable, 662
Special channels for physicians' emergency use urged, 880
Statistics on physicians and nurses released, 55
Statistics on obstetrical costs, hospital occupancy, 340
Statistics revealed on cost of prescriptions, 661
Supreme court declines to support naturopathy, 330
Survey conducted on doctors' dues, 516
Survey reports of interest to physicians (the doctor's investment woes, income comparison survey results), 56
Survey reports on physicians, 136
Tax relief for Canadian self-employed, 735
Treatment of military personnel of the army, 882
Twenty-four physicians receive Sears-Roebuck grants, 136
Two government agency reports concern cost of medical care, 590
U. S. aid to medical training increases, 443
U. S. contribution to WHO budget drops, 516
U. S. delegates named to WHO meeting at Geneva, 444
U. S. GP's support British colleagues, 516
U. S. Steel offers new major medical coverage, 56
U. S. workers' health coverage drive resumed, 880
VA Hospital needs cited, 816
Veterans affairs committee reviews medical care, 274

War service brings some M.D.'s into social security, 191
Washington selected as medical library site, 444

Medical-Legal Opinions

New tax regulations, 60
Obtaining consent of patient for surgery, 131
Sterilization, 60
Test for alcohol, 206

American Medical Association, 665
Chicago Ophthalmological Society, 884
Congress of Legal Medicine and Law-Science Problems, 454
Congress of Physical Medicine and Rehabilitation to meet at Rochester, 209
Continuation courses, 342, 595, 666, (Oct.) A-50, (Nov.) A-46, 884
Essay contest, 598
Fellowships available from National Foundation for Infantile Paralysis, 597
Fellowships for vacation time study for medical students, 69
Films available for medical groups, 599
Fourteen fellowships in psychiatry announced, 288
Harvey Tercentenary Congress, 69
International prizes for family physicians, 70
Kenny Foundation scholarships, (Oct.) A-50
Laboratory assistants graduate in September, 599
Lecture on hemophilia, 342
Mayo Clinic to present clinical reviews, 69
Medical continuation courses at University of Minnesota, 70, 210
Minnesota Academy of General Practice, 596
Minnesota Heart Association, 666
Minnesota Medical Foundation Day, 666
Minnesota State Medical Association
  Highlights of 104th annual meeting, 518
  Preliminary program—104th annual meeting, 204, 283
  Revision of articles of incorporation, constitution and by-laws, 194
  Roster, 347
National hearing week, May 5-11, (April) A-38
New law on emergency admissions to state mental hospitals, 598
New York University Post-Graduate Medical School announces courses, 288, (Oct.) A-52
Northern Minnesota Medical Association, 595
Nursing license renewal for 1958, 884
Olivia girl wins 1956 AAPS essay contest, 529
Omaha Mid-West Clinical Society, (Oct.) A-51
Pathologists meet, 598
Red River Valley Medical Society and auxiliary meet, 884
Rural medical scholarship awarded to Anoka man, 210
Southern Minnesota Medical Association, 596
State Medical Association offers science fair sholarships, 210
State Medical Association officers announced, 69
State ophthalmologists urged to aid firearms safety training program, 210
Symposinum on alcohol, 288
Symposium on peripheral vascular disease, 596
Symposium on radioisotopes, 665
Symposium on recent development in diabetes mellitus, 666
Tenth annual postgraduate course on diseases of the chest, 209
Two fellowships to recruit workers in audiology and speech, 666
University course on advanced oral pathology, 598, (Oct.) A-51
Urology award, 529
Van Meter prize award, (Oct.) A-50
World Congress of Gastroenterology, 209
World Health Assembly to meet in Minneapolis, (Nov.) A-46

Minnesota State Board of Medical Examiners

Chaska, Minnesota, man sentenced in Minneapolis for basic science violation, (March) A-34
License of Saint Paul physician revoked, (March) A-34
Minneapolis man sentenced to four-year prison term for abortion, (Aug.) A-34
Minneapolis woman sentenced to four-year term for abortion attempt, (April) A-47
Orderly in Minneapolis nursing home sentenced for violation of drug ordinance, 345
Physician's license revoked, 520, (Aug.) A-32
Physician's license suspended for three years, 520
Physicians licensed February 10, 1956, 447
Physicians licensed May 11, 1956, 448
Physicians licensed July 6, 1956, 449
Physicians licensed November 9, 1956, 451
Prior Lake woman sentenced for obtaining narcotics by means of forged prescription, 73
Saint Paul dentist sentenced to eight-year prison term on abortion charge, (March) A-34
Saint Paul barber sentenced for illegal sale of medicine, 453
Saint Paul man sentenced for abortion attempt, 453
South Saint Paul man sentenced for attempted abortion, (Aug.) A-32
Two Minneapolis men ordered to serve terms for abortion, 346
Two Minneapolis men sentenced for abortion, 74
Two sentenced at Le Center for abortion, 73
Two University of Minnesota graduate students charged with abortion, (Aug.) A-32
